

U. S. MUST AID EUROPE OR FACE NEW WAR THERE

"RED BUG" RACING IS POPULAR AT PALM BEACH.
Members of the fashionable colony at Palm Beach lined up for a "Red Bug" race, which is one of the popular sports there. Left to right: Miss J. Johnson, of St. Louis, Mo.; Mrs. M. Ellis, of Jacksonville, Fla.; Miss Edith McCarthy, of New York; Miss Madeline Hubbard, of Chicago, Ill.; Miss Archibald McNeil, of Bridgeport, Conn.; and Miss O. W. Watts, of Kansas City, Mo.

WARNS AMERICA OF PERILS IF SELFISHNESS PREVAILS

Ex-U. S. Ambassador to Turkey Foresees Her in New European War in Ten Years Unless She Does Her Share in Putting Europe and Asia On Their Feet

(Canadian Press Wire.)
New York, Feb. 15.—A warning that the United States will be involved in another European war within ten years, unless she accepts her share of the responsibility of putting Europe and Asia on their feet again, was uttered by Henry Morgenthau, former American ambassador to Turkey, in an address before the students of Columbia University. Mr. Morgenthau declared that the United States, in refusing to accept a mandate for Constantinople, had lost an advantage which it can never regain.
After asserting that "the magnificent talk of self-determination has all died away," and that the nations of Europe are "going back to the old order," the former ambassador continued:
"Unless militarism is destroyed, and the new order of things established, I predict that all you young men who fought in the late war will be called upon again to bear arms in an European war, and that all of you who were too young two years ago will receive your first call for service."
The programme opened with an address by Miss Holbrook, of the daily Division of the United States Department of Agriculture, who explained how campaigns to interest everyone in the use of milk were conducted in the United States. Although the result was greater milk demand and hence the speeding up of production, the main object of these campaigns was to bring milk, with its superlative protein, into the homes of the under-nourished children of great cities.
GREAT BUTTER CONTROVERSY.
Morgenthau's concluding address was in the greatest exhibit of creamery butter ever made in Canada at this exhibition, to wit, 25 entries. The greatest interest centered on the "All Canada" competition, which open to every province in the Dominion, and for which there were eight prizes, the first being \$100. The competition was for one box of fourteen pounds of solid pack butter made in September and last, and shipped to Winnipeg and held in cold storage ever since. There were 79 boxes entered in this competition, and they came from all parts of Canada, even from Prince Edward Island.
Alberta won first, second and third prizes. Quebec fourth and fifth. Manitoba sixth, Quebec seventh and eighth.
Ontario did not get a place in the first thirty, yet her score was 89.1, indicating how extremely uniform was the milk. In the preliminary try-out not less than six entries tied for first place.

STARTING ANOTHER CAMPAIGN TO PROHIBIT OLEOMARGARINE

National Dairy Council, in Session at Winnipeg, Condemns Substitute.
(Canadian Special Wire.)
Winnipeg, Feb. 15.—A unanimous condemnation of oleomargarine, and of many advertisements of it, which were characterized as a fraudulent intent with wording that kept barely within the law, featured the executive meeting of the National Dairy Council yesterday afternoon. Dairy Commissioner J. A. Ruddick stated the federal Department of Agriculture had never been in any doubt as to where it stood in regard to oleomargarine, and added that, if an energetic organization like the National Dairy Council had been in existence at the time of law prohibiting the sale of the product in Canada.
"The person who states to you," said Mr. Ruddick, "that oleomargarine is as good as butter, is either not informed, or is guilty of misrepresentation. Further, there is no such thing as a good oleomargarine. It is a matter of profound humility. For we cannot have a step without learning and feeling the waywardness, the weakness, the vacillation of our movements, or without desiring to be set upon the rock that is higher than ourselves.—Gladstone."

REVIVAL OF PLANS FOR CHANNEL TUNNEL.
Report has it that British naval and military officials are in favor of the proposed tunnel under the English Channel. A plan of the tunnel is here shown. It will take five years to build, at a cost of \$13,000,000.

POSSIBILITY OF 34-M RATE CAUSES WORRY

WALKED OFF MONTH BUNDLE OF CURTAINS

Controllers Are Up Against a Very Hard Set of Figures.
For Doing So Harry Burch Must Serve Month in Jail.

SALARIES THE CAUSE

Exchange Rate Also Hits the City to a Certain Extent.

Civic estimates reached the completion of their second revision from the Board of Control, yesterday afternoon. The figures of the Police Department were taken up with Chief Whittier, those of the Fire Department with Chief Tuckey, and a number of small departments were also revised. The controllers have reached their stage at which they are now ready to take up the applications for salary increases. Practically all the civic service have applications in including the whole tax and water rate collection office, the whole assessment staff, the staff of the board of health, the fire department and many others of the office staffs. The whole teaching and school staffs and the police have had substantial increases, going into effect the first of the year.
None of the controllers are saying much about the tax rate. They admit that the subject is driving them some loss of sleep. Their aim is to keep it down to 31 mills, which was last year's rate. How they can do it is the difficulty, and none of them will talk for publication on this stage and City Treasurer Leslie is also keeping his own counsel.
Among the salaries two were in the City Hall, at the Board of Works meeting last night, there was talk of a 34-mill rate. It was stated that this was the best that could be hoped for to the satisfaction of the citizens. They have been provided up to date.
The Board of Education's requirements are one and three-mill steps higher than last year. The stipends of the board of trustees are \$10,000 a year. The low rate of exchange on Canadian money will put the city to an unavoidable loss, and in effect it all departments will be positively instructed to pay only Canadian goods wherever possible. All departments are compelled to provide for the largest and best quality of goods and supplies of all sorts are dearer, and while last year's city council carried on its business and closed the year with a small surplus after paying off half of the \$100,000 deficit of the year before, the other half of that deficit, \$157,000 is still unpaid. And so, on the figure as they stand now the city is face to face with a 34 or 35-mill rate. Without making any provision for the demand for salary increases not yet dealt with.
Clayton Hughes, the first year of the year before, the other half of that deficit, \$157,000 is still unpaid. Aldermen all think this year will be the hardest the city has ever had in the matter of taxes. The new equalized assessment will come into effect and the council will give the city a revenue while, while not proving a burden on the taxpayers, will enable the council to materially lower the tax rate in the course of the year.
To-day the salary demands will be considered and then the final revision of the council will be helping to get down to a 31-mill rate.

ROB GRAVES TO GET FUEL

(A. P. Special Cable.)

Vienne, Feb. 15.—Systematic vandalism and robbery in cemeteries has led to demands for police protection. Newspapers say graves and vaults have been despoiled, articles of the slightest value stolen, and coffins smashed for firewood.

SOLD THEIR FEED

And Allow Cattle to Scout for Themselves.

"If people in the county would complain to their constables regarding the ill-treatment of stock, they would get immediate results," said Inspector Berlinghoff this morning, when speaking of the work the S. P. A. has been doing this winter. "I have received more complaints than I can handle from out in the country, of cattle and horses being left in the open without food or shelter. I have investigated a great number of cases, but have been unable to handle them all. In many cases the owners of the cattle have taken advantage of the high price of feed to sell their stock of hay, and then let their cattle scout for their own feed as best they can. I have had many complaints of this being done, but unless the complainants will take up the matter with the county police, I am afraid action cannot possibly be taken in the majority of cases."

It contains a healing balsam, and is not found in other cough remedies. 50¢ per bottle, at Parke & Parke, Limited, Market Street.

DUCHESS OF WESTMINSTER AND HER NEW HUSBAND.
Even on her honeymoon the duchess, who was recently divorced, found time to visit with her husband, Capt. Lewis, at Cassing Town, and amuse a gathering of some 600 people. The picture shows the duchess taking part in the entertainment along with E. A. Cox, next her, and, at the right, her husband, Capt. Lewis.

One Hundred Per Cent. in Civic Clerks' Union

City Hall attaches will meet in the Board of Trade rooms to-night for the purpose of electing officers. The officers of the union, who were elected at a meeting held at the City Hall last night, were: President, J. H. B. Smith; Vice-President, J. H. B. Smith; Secretary, J. H. B. Smith; Treasurer, J. H. B. Smith; and the other officers. The union is now in a position to take action on the matter of the 100 per cent. increase in salaries. MEN REFRAINED FROM SMOKING BUT LADY GUEST STARTED IT

Wife of Educationist Relieves Situation at Ottawa Rotary Luncheon.
(Canadian Press Wire.)
Ottawa, Feb. 15.—The Journal to-day publishes the following:
Ottawa Rotary Club yesterday afternoon had a luncheon at the Chalmers Hotel, and invited to it delegates to the Educational Convention, now in session here. When the luncheon was concluded the secretary of the Club, Mr. H. B. Bink, quietly packed a box and requested the members present to refrain from smoking, owing to the fact that there were a number of ladies present who were interested in educational matters, and who might be averse to sitting in the fumes of tobacco.
"Obeying this request, the members felt a little at a loss without their usual after-noon 'kick.' They were not quite at ease, and by 3 p. m. as usual with Rotarians, the President Dan Johnson arose to launch the day's programme.
He was suddenly interrupted by a report of astonishment, quickly followed by a sigh of relief. By the time the President had looked over the assembly to discover the cause of the interruption, he found every one hastily lighting up a cigar, cigarette or the old pipe.
Here was a lady from Nova Scotia, wife of one of the educational officers.

FOUND GUILTY OF SEDITION

(Canadian Press Wire.)
Winnipeg, Man., Feb. 15.—John Farrell, returned soldier, was found guilty of seditious utterances by a jury at 10 a. m. today. He will be sentenced at 3 p. m.

AUTO STRUCK CUTTER

Frederick Stribbel, 545 Hughson street north, had a narrow escape yesterday afternoon when the horse and cutter which he was driving, was struck by an automobile at the corner of Burlington and Hughson streets. The auto was driven by Robert Wilson, Catharine street north. The cutter was considerably damaged, but Mr. Stribbel escaped without injury.

HARDWARE MEN ARE FREEING THE NIGHT

Also Have a Very Fine Exhibit at the I.O.O.F. Temple.

WELCOME BY MAYOR

Addresses On Trade Matters Were Feature of the Morning.

The fifteenth annual convention of the Ontario Retail Hardware Association opened here officially this morning. Of the six hundred members who are expected to register for the entire session, only about half had arrived in time for the opening ceremonies. This was due to the severe weather, which is interfering with rail traffic, and to sickness in the Canadian West.

Yesterday afternoon the executive committee of the convention held a meeting at the Royal Canoe hotel, where the convention is being held. It was also held there this morning, the convention being in session.

The exhibit of the hardware men is being held in the I.O.O.F. Temple, George street, where over fifty of the leading manufacturers, and the exposition this year is fair to collectors and dealers.

It represents an aggregate cost of over \$100,000, and every retail dealer is very much interested in the display, as it is one of the most important features of the whole event.

This morning the convention was formally opened. The President, A. J. Wright, Hamilton, in a brief address, stated that the convention was given over to greetings from various representatives and representatives of the Mayor, who delivered a splendid address of welcome to the visitors.

The Mayor, who delivered a splendid address of welcome to the visitors, is his usual characteristic of the representatives of the manufacturers, who are exhibiting and outside delegates were heard in the form, and were well received. The President also addressed the assembly, and welcomed the delegates to the fifteenth annual session. He reviewed briefly events of the past year, and referred to progress and problems that concern the trade.

W. F. McPherson, of Prescott, secretary, John Calvert, Toronto, and Geo. Johnston, of the Ontario Hardware Store, of McLean, of the McLean Hardware Co., Toronto, and H. M. McKee, of Montreal, who spoke upon the manufacture of white lead. These addresses were accompanied by the members of the trade and were highly edited, each address being given upon the meeting for discussion or question immediately following.

This afternoon's session will be devoted to looking over the convention. Tomorrow night will bring three illuminating addresses and a smoker.

Mr. Alexander & James will tender a banquet to the members and tomorrow morning, Feb. 20, will be the day of the annual dinner at the Hotel St. Charles.

FEARABLE GOSSIP

—G. B. McNeill.—G. B. McNeill, 43 Main street, proprietor of the Victoria Hotel, has been the subject of a fearful gossip. It is said that he has been seen in the company of a woman who is believed to be a prostitute. This has caused a great deal of scandal in the city, and many people are talking about it.

—At Onondago Hall.—Yesterday, E. H. Ambrose of this city, appeared for the plaintiff in the action of Wilson v. Tuckett. At the request of the parties, the action dates over until Thursday.

—A most enjoyable evening was spent at the home of Mrs. M. J. Stanton last evening. Some forty of her most intimate friends gathered at her home, 157 Broad street, to celebrate their hostess' twenty-fifth birthday. Dance music was furnished by the orchestra of the non-dancers. Following a delightful meal of pleasure lunch, a large number of choice gifts were received by hostess' mother, Mrs. Johnson.

—Y.W.C.A. VALENTINE PARTY.—Last evening at the Y.W.C.A. a very happy time was spent by the girls of the associate clubs, when a Valentine party was given. The girls were dressed in their best, and the party was a great success. The girls received many beautiful gifts, and the evening was a most enjoyable one.

—London, Feb. 17.—The international treaty for the disarmament of the world, which was signed at Geneva, has been ratified by the British government. This is a great step towards the achievement of peace and disarmament.

—Adjustment of the trial over the case of the late President Wilson, which was held in the city of Washington, has been postponed until a later date. This is due to the illness of one of the parties to the case.

PROVISIONS FOR ANOTHER BIG THEATRE

The Allen Get Concessions Similar to Loew's and Pantages.

MERRICK STREET

Works Committee Appoints a Committee to Report.

Hamilton will no doubt have another large theatre at no distant date. Announcement was made at last night's meeting of the Works Committee, that Allen Tiers, entrepreneur of Toronto, has an option on the Wood, Alexander & James property, on King street and on King William street, which they will purchase, and which they can erect an overhauled bridge across the intervening alley, the same as Loew's Theatre was allowed to do, and which the Allen interests have been permitted to do at the rear of the Heverly hotel property just what the consideration would be in event of the purchase of the property, has not yet been determined. It was stated that the price for the foot for the 25 feet frontage on King street was approximately \$15,000 per foot. E. H. Ambrose, of the Allen interests, Newburn, Ambrose & Marshall, represented the Allen interests. The committee gave its opinion, and is expected that negotiations will be closed for the purchase of the property within the next few days. The Allen interests, who have been operating the Temple theatre, will erect a monster movie picture theatre on the site, it is said.

The question of widening Merrick street and running a single loop car from Bay and York right round to Merrick and Bay evoked considerable discussion, and a subcommittee composed of Ald. Trevelyan, Mcintosh, Burton, Tope and McQuesten was appointed to report on the matter as quickly as possible, so as to delay the building operations now underway by the Allen, limited.

Ald. McQuesten said he was in favor of Controller Davis' suggestion that a car line loop be run from York and Bay around to James and back up Merrick to Bay street, but he was not altogether opposed to a double track loop, or double tracks being put on Merrick street at all. He was also opposed to Merrick street being widened as he thought the market could afford to have any road cut off it.

City Engineer Gray urged that the matter be speedily dealt with, if the city ever expected to start town planning, it could not make a better start than by widening Merrick street, when the highways were completed, the traffic of York street would be seriously hampered, and it was necessary to have a feeder like Merrick street to relieve the congestion.

Ald. McQuesten said that he was in a good mood, as it was that day when the committee was organized, and he suggested all the time. Ald. Cooper said that the street car tracks on York street have always been a nuisance to the market, and he would like to see them removed from there entirely.

Controller Davis said that the proposal to establish a single-track loop on York and Bay streets, from Bay, originated, said that such a loop would overcome all present and future congestion on York and Bay streets. It would also do away with the crowds of people waiting at the bus stop, and the cars would be always waiting at Duncan's corner for a car. To remove the track entirely from York street, he said, would only make for a repetition of the very situation that the city had to overcome, whereas the loop suggested would solve the traffic problem, he thought.

"The loop," said Ald. McQuesten, "would mean two vehicles on the main line of the railway, one to cross over at York and James, and another at Merrick and James. That is not good town planning."

"If it is town planning you are keen for, why not cut the street right through to connect with the wide part of York street?" Such a proposal would help a great deal," replied Controller Davis.

Controller Allison said that the special street railway committee had just recommended that the Wentworth street cars run right through to the end of York street. This would help to relieve congestion on James street, he thought.

J. P. Whelan, of The Arcade, Ltd., stated that plans had been prepared and contracts awarded for the extension of the street car line to Merrick streets. The contractors expected to have the line open for service by March 15, and he hoped, therefore, that the committee would reach a speedy decision on the matter, as it was desired.

Mr. W. H. Wainwright, representing the Arcade, Ltd., said: "We are not asking for anything. All we want is that the committee settle the matter promptly."

On motion of the committee, a sub-committee was appointed to go into the matter and report as soon as possible.

City Engineer E. H. Gray reported that Ald. Trevelyan's suggestion, to have double numbers attached to the poles, would cost about \$1000 a year, and that the committee of control struck this matter from the estimates on Monday.

The sub-committee on jurisdiction over gasoline pumps and tanks was also reported on. It was suggested that such tanks be issued, and that when the owners of the present tanks are no longer of the present type, they be replaced. The matter will be discussed at the next meeting.

TEA-TIME GOSSIP

THE MAN IN OVERALLS

This will be remembered as the year of the big snow.

Are you joining the Board of Trade?

Dundas has put a ban on dances, so you needn't go there to fling yourself.

What's become of the big van with slaking cars and loaded with a lot of young folks for a trip to some farmers, while they all danced interests have been permitted to do at the rear of the Heverly hotel property just what the consideration would be in event of the purchase of the property, has not yet been determined.

Better move that proposed cemetery back to the west coast.

If the Bremen deal is illegal, and the Mayor failed to put it through, it's a case for the police court, isn't it?

My snow shovel does not owe me anything this winter. I don't know what I would have done without it.

Another thing—You notice how the smoke drifts the nice, white, clean snow?

Our Men's Club is having its summer holidays this month.

We can also see that if we have to cut snowfalls this winter there are plenty of them.

Yes, it's all right. Keep your bedroom window open.

If you want weather come down the Jolly Chit these mornings.

TOWN PLANNING

Local Board Does Not Favor Merrick Widening.

Aldermen T. H. McQuesten, W. A. Child, F. C. Mills and Thomas S. Morris were reported yesterday by the Town Planning Commission, that the local delegation which was in the near future to make some amendments of the Survey and Development Act.

Aldermen McQuesten will act as spokesman for the committee. It was also decided, at the meeting, to send representatives to Toronto, along with C. W. Crockett, M. P., who has shown interest in the town planning work.

In regard to the matter of having a series of maps made of the city it was decided to write to the Canadian Architectural Firm Company, to ask the city representatives to have the maps made of the city. This is the same firm which has been asked to make a better citizenship, and give some illustrations of conditions which in the past have been the cause of the city's trouble.

A short discussion was held on the proposed widening of Merrick street. The commission took no action as the matter was to be discussed fully at the Board of Works meeting last night. The majority of the members did not like the idea of widening the street, as they felt that the amount would suffer.

ERSKINE YOUNG MEN

This Organization Has Again Become Active.

The weekly meeting of Erskine Young Men's Club was held last evening in a most interesting manner. The evidence that the pre-war reputation of this life organization is being revived and progress being made is plain on the sound basis.

A lecture on "Bells, Bell Ringing and Church Music," was given by Mr. J. P. Wilson, on Monday, Feb. 22, 1919, when all members will be welcome to hear this interesting lecture.

Plans for the coming months were discussed at length and in the presence of the committee. The committee will be given a letter and a letter during the month of March by Mr. Carter, who has twelve years' service in India. All former members are invited to again join the club, as well as any other who are interested in the welfare of Erskine.
